Key facts

Of these, 12% say they believe young people have a poor attitude / lack motivation. So whilst most don't think this, a fair chunk do.

Key facts

By far the main essential skill that employers in Berkshire (and in the rest of the country) are looking for is **good communication**.

What activities could you undertake to improve yours?

The main general skills Berkshire employers are looking for

Key facts

Computer programming skills including the use of programming languages such as Javascript, SQL, Python, GIT and Microsoft Azure.

Key facts

The world of work is changing. As we enter the Fourth Industrial Revolution, developments in fields such as robotics, AI, nanotechnology and autonomous vehicles, look set to change the way we live and work.

Across all sectors of the economy, different skills will be needed. Some roles will disappear and many more will evolve.

Looking to the future, according to the World Economic Forum, the 10 skills you need to have a successful career in 2025 are:

- Analytical thinking and innovation
- Active learning and learning strategies
- Complex problem solving
- Critical thinking and analysis
- Creativity, originality and initiative
- Leadership and social influence
- Technology use, monitoring and control
- Technology design and programming
- Resilience, stress tolerance and flexibility
- Reasoning, problem solving and ideation

The Effects of COVID-19 on Employment in Berkshire

Key Facts

The employment impacts of COVID-19 have been greater for young people and a higher than average proportion of young people in Berkshire (7.5%) will enter the labour market in the next 5 years.

Economic recovery in the region is dependent upon a number of factors, including the recovering of neighbouring areas such as London and Heathrow Airport. However, initial signs have been more positive than in many other areas of the country.

- A lower than average percentage of employees were affected by the COVID-19 lockdown in Berkshire than nationally 15.5% vs 16.9%
- The employment impacts of COVID-19 have been greater for young people and job entry for them could be significantly affected by future recruitment freezes. A higher than average proportion of young people in Berkshire (7.5%) will enter the labour market in the next 5 years.
- Training and upskilling activities which the LEP is involved in will help ensure that Berkshire is resilient in the face of challenges such as an ageing population or the increasing automation of job roles.
- Economic recovery in Berkshire will be influenced by our neighbours including London & Heathrow airport due to the number of commuters to these areas.

The Effects of COVID-19 on Employment in Berkshire

Key Facts

Berkshire is well placed for recovery.

Young people will be disproportionately affected by the impacts of COVID-19.

Berkshire includes many businesses in traditionally more resilient sectors such as science based industries and business and professional services.

- The full extent of the impact of COVID-19 on the economy in Berkshire is not yet known but there will be longer-term implications on the availability of entry level and lower skilled jobs
- Young people, women and lower skilled workers will be disproportionately affected by the impacts of COVID-19
- Berkshire has a track record of employment in more resilient sectors such as science-based industries and business & professional services.
- We are already seeing the positive impact of our immediate recovery and renewal activity through, for example, the Berkshire Opportunities skills and employment portal.

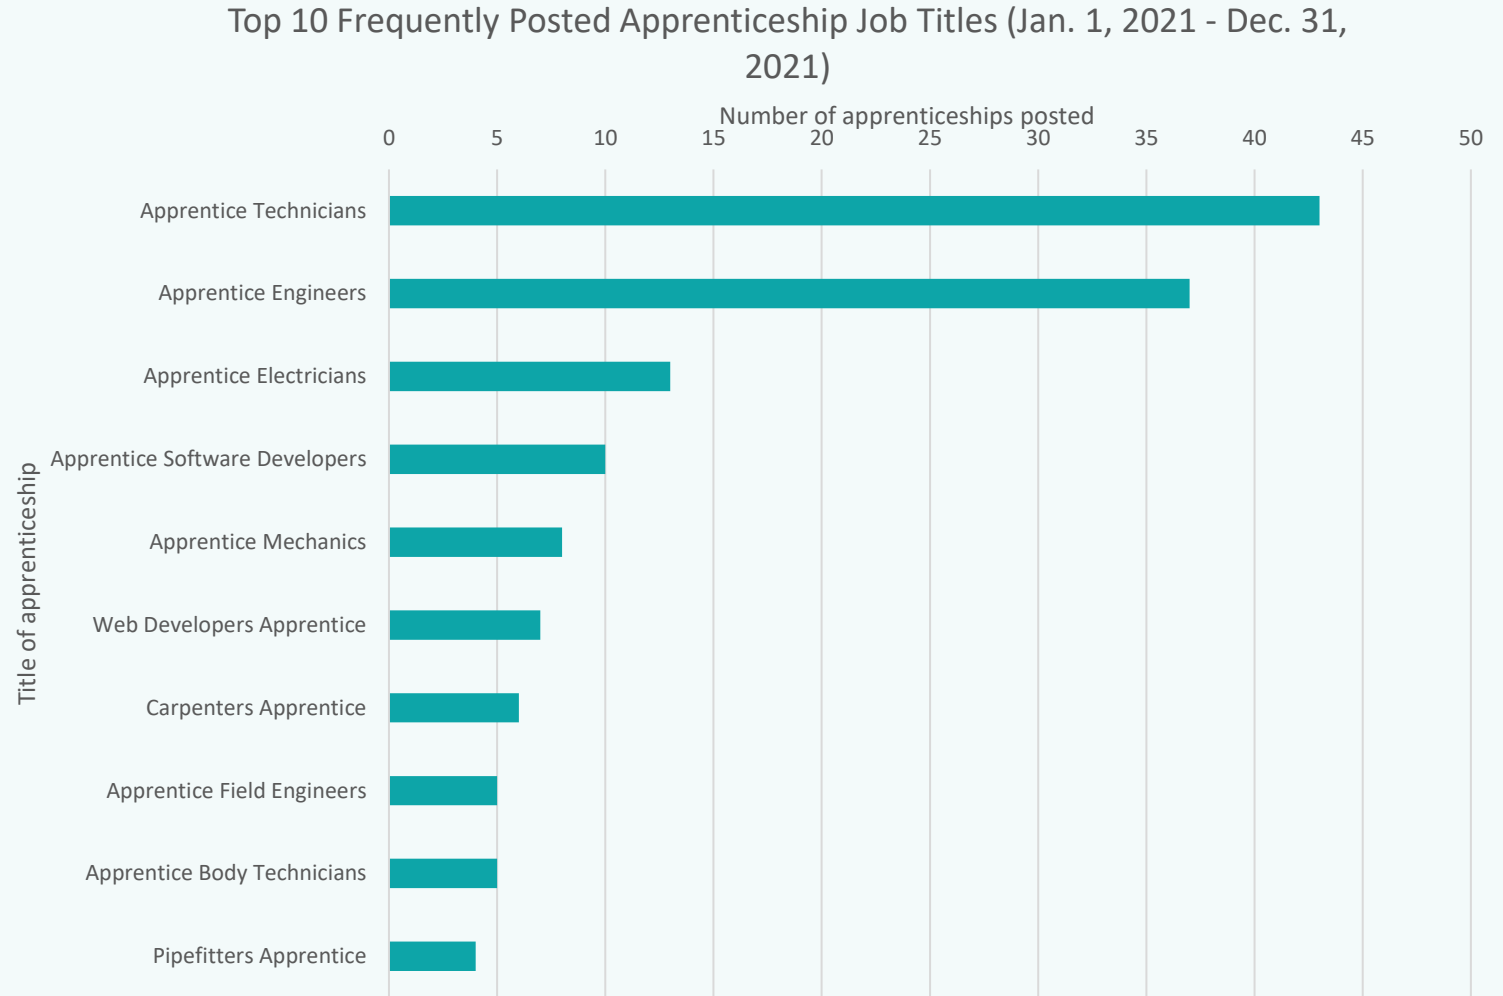

Key facts

From the graph it is clear that Apprentice Technician and Engineers are the most in demand with 43 and 37 job postings respectively across 2021.

These top ten apprenticeship titles are all within the engineering and IT sectors.

Top advertised Apprenticeships

Sources: Emsi, 2022

Key facts

As is to be expected, the local authority in Berkshire with the greatest number of apprenticeships based within it was Reading; approaching double that of the second place local authority – West Berkshire.

Berkshire Careers Guide

Digital Tech opportunities in Berkshire?

Digital technology now impacts almost every aspect of our daily lives, from smartphones and music downloads to online gaming and booking systems.

In Berkshire, digital tech is one of our strongest sectors and is only set to get bigger: it's home to nearly 8,000 tech companies and over 56,000 tech specialists.

In fact, local employers can't fill some jobs fast enough and find it a challenge to find qualified people for some tech roles.
