

Prudential Apprenticeship Programme

Imagine...

A real job from day one. An industry recognised qualification. Enhanced employability skills and career experience. A business Apprenticeship with a highly reputable financial company and one of the most trusted life and pensions brands in the UK. It all adds up to a career start that rivals anything a degree might bring you, with a decent salary right from the start.

Opportunities for school and college leavers

Provides 13-15 months valuable work experience in the Financial Services Industry

Competitive salary and benefits package

Good standard of education required, with at least five GCSEs or 5 National 5s including Maths and English (grades A – C)

"Have had a fantastic work experience, and I would definitely recommend this programme to others as an alternative route to starting your career. The apprenticeship has given me the confidence and also the hunger to build up my qualifications and skills further by working in a thriving business"

Laura Sutherland,
Customer Service Executive Apprentice

The Prudential Apprenticeship is a 13-15 month programme and offers placements in our businesses in Reading and Stirling (Scotland) in the business areas such as Customer Services, Sales, Finance, Information Technology, Risk, Marketing plus many more. Apprentices will follow Advanced Apprenticeship (Level 3) in Business Administration, Finance/Accountancy and IT.

The programme is open to candidates who are 16+ years old, not in a full-time education, have gained good GCSEs or 5 National 5s in Maths and English, at grade C as a minimum but more importantly have the ability to learn, are enthusiastic, highly motivated and determined to succeed.

Apprentices will receive a first class business working experience, a competitive salary, nationally recognised qualification, personal and technical development and a range of other benefits.

This is an ideal opportunity for school leavers or those individuals who have decided to pursue a career via a vocational route. As well as providing a high quality learning programme, we hope that each apprentice makes a useful and valued contribution to the success of our business.

Announcements about the 2018 Programme and apprenticeship vacancies will be posted on our career website www.pru.co.uk/apprenticeships

The apprentice vacancies will be advertised throughout March on our careers website and will appear on externally hosted microsite – <http://prudential.bppuniversity.ac.uk> and on the following government websites: www.findapprenticeship.service.gov.uk/apprenticeshipsearch in England and www.apprenticeships.scot and www.apprenticeshipsinscotland.com in Scotland.

The pre-selection and screening will happen throughout March 2018 with final interviews and Assessment Centres which will be held at the end of April 2018.

The apprentices will join the business from October 2018.

To register your interest for the 2018 Programme visit our career website www.pru.co.uk/apprenticeships or email us at apprenticeship@prudential.co.uk

Did you know...

After finishing their programme, 85% of apprentices will stay in employment?
