

28 February 2024

Dear Parent/Guardian

MET Careers Fair – Thursday 7 March 2024 - 6.00pm to 8.00pm
Sports Hall at Maiden Erlegh School, Silverdale Road, RG6 7HS

We are excited to invite you to Maiden Erlegh Trust's Annual Careers Fair to be held at Maiden Erlegh School, Silverdale Road, Earley, RG6 7HS. This will be held in the Sports Hall on **Thursday 7 March** between **6.00pm** and **8.00pm**.

The Careers Fair helps students to focus on the world of work, to begin to develop their ideas about employment and to make important choices about their futures. The event is for students from Years 7 through to Year 13. School leavers who delay thinking about their career choice are likely to miss opportunities. Please reinforce our advice that your child should take advantage of this large gathering of experts.

A large and varied number of representatives attend the Careers Fair, giving students access to information about a full range occupational opportunities. We know that representatives are eager to attend the Careers Fair and share their experience and expertise with our students. To cater for all possible careers and destinations, we will have representatives from apprenticeship providers, gap year providers and employers from a wide range of different industries – including animal care, clinical research, engineering, electrical & energy, finance, healthcare, uniformed services and many more.

A list of representatives attending is available on our website [here](#). Students may attend with their parents or unaccompanied. If unaccompanied, we cannot accept responsibility for your child on the journey to and from the site. We would strongly encourage students to wear their school uniform so that our exhibitors are able to identify the students that they are speaking to. We would expect all our Sixth Form students to wear their lanyards to identify themselves.

Please note that parking is limited on site, and we would recommend walking, car sharing, or parking off site to help alleviate localized congestion. However, please be mindful of our neighbours if you choose to park in the local area.

We hope you can attend this event with your children to speak to industry experts and explore the opportunities available to them so that they take control of their own career destinations.

Yours sincerely

Mr R Buck
Director of Maiden Erlegh Institute and Trust Professional Learning
