Dear Maiden Erlegh Trust Community,

**We have launched our Annual Impact Report and invite you to discover key information about our schools.**

Inside, you'll find how our schools are performing against national benchmarks and how attendance is improving across our settings. You'll see how specialist and alternative provision outcomes have strengthened, and how investment in people, systems and estates is supporting day-to-day learning.

The report sets out the work behind the scenes - from school improvement and safeguarding oversight to financial stewardship and professional development - that underpins strong outcomes for children and young people.

Read the full report here: <https://heyzine.com/flip-book/dd2d2e56c9.html>

Best wishes,

Jonathon Peck  
Chief Executive Officer
