Maiden Erlegh Trust Virtual Careers Fair 2022

Welcome to the Maiden Erlegh Trust Virtual Careers Fair 2022

We are pleased to invite you and your child to Maiden Erlegh Trust's Virtual Careers Fair 2022. After 2 years of disruption to on-site events, due to Covid19, we were hoping to come back with a live, in person event. However, we are still exercising caution and have decided to present this as a virtual event, once again, after the success of the Careers Fair 2021, which was also presented virtually.

The Careers Fair helps students to focus on the world of work, to begin to develop their ideas about employment and to make important choices about their futures. The event is for all our students, from Years 7 through to Year 13. Students in Year 8 will be able to source helpful guidance for their GCSE options, and Year 11 for their A-level options, as well as giving guidance on careers pathways and apprenticeship opportunities for all students in the longer term.

The following pages create a careers directory for our students based on the major sectors in the UK economy. Each section will give an example of companies in that sector, containing company information and website links to help students investigate roles within these companies further.

We have also created an online bank of resources, including videos and pdfs, on different career pathways, companies, and advice on choosing a career destination.

Many thanks to our representatives who have taken the time to create and provide these resources to allow our students to have as valuable an experience as possible during these restricted times.

Any questions, suggestions or feedback can be directed to mescareersdepartment@maidenerleghtrust.org.

Many thanks for your support. And we look forward to inviting you to the **new MET Further and Higher Education Fair in October 2022** and the **MET Careers Fair in 2023**.
